

## Specifications ----Modle No. KS-14M (Optional color: Black , White)

Ref.Photo

### USPs:( Unique selling points)

- 1.Integrated Trolley bar;
2. DIY colorful atmosphere lamp, battery indicator while keeping still
- 3.Convertible illuminating and braking lights.
- 4.Cooler inside for heat dissipation;
5. App support, change various ride characteristics, view speed/ battery level information
- 6.Soft leg pad to alleviate leg soreness

### Product Performance

Top Speed	20km/h after unlocked ( Default setting: 1st level beeping at 18km/h, 2nd level beeping at 19km/h, pedal tilt back at 20km/h)
Mileage	174wh( 15-18km)
Maximum Gradibility	Around 28°
Battery Set	174wh lithium battery with equilibrium, overcharge, overdischarge, over-current protection
Operating Temperature	-10℃/+60℃
Maximum Load	120kg
Charger	Input: AC 80~240 V, Output: 67.2V、 2A
Charging Time	174Wh (around 1.5h)
Rated Power	500W
Maximum Power	1500W
Color	White, black
<b>Appearance of the weight</b>	
Machine Size (mm)	476mm (H) x437mm(L) X 202mm (W)
<b>Package Size(mm)</b>	660mm (H) x560mm(L) X 260mm (W)
Height of pedal	125mm
Tire Diameter	14inch, Diameter 295mm
Net weight	Around <b>13kg</b>
Body interface	High quality waterproof charging port, power on/off button
Battery Indicator	RGB indicates battery level

Production measures	
Tilting Protection	45° side to side left and right. ( Motor stalls when over 45° ) Place the machine vertically on the ground to restart automatically, noneed to restart manually.
Speed Limit Protection	Beep when exceed limit speed
Low Battery Protection	Low battery protection activated on 40% battery; when the battery is lower than 5%,the front part of the pedal will rise to decelerate till closing down
Message	
Battery level	RGB indicates battery level
Sound Alerting	(Your device is in low battery, please charge it) 、 (Pls decelerate)、 power on ( Hello, King Song ) 、 ( Bluetooth is connected ) 、 ( Bluetooth is disconnected ) 、 ( Be caution, over
Package	
Standard Accessory	1 x User manual ; 1 x Charger
